Prizes Are Awarded for Best Work by Children

Judging Was Done by Mrs. Ambrose Dickens and Mrs. Archibald
—Branch is Practically an Innovation, Separate School
Being Only Competitor Last Year

Mrs. Ambrose Dickens and Mrs. Archibald were busy engaged yesterday afternoon in judging the children's work entered under the school section. This branch of the exhibition is practically an innovation this year, as only one educational institution in the city—the R. C. separate school—showed anything last year. About two hundred entries are displayed.

Yesterday's Judging.
The results of yesterday's judging is as follows:
For decorative design in color—Adelaide Devereux takes first prize. M. Murphy comes second, while Rose Gagnon wins the third.
Design for pencil—The first prize is won by Rosalie Smith, second by Lauretta Carrigan, third by Alice Chaffoux.

Design for constructive work in wood or metal—Wilfred J. Birch. Specimens of commercial drawing plan of solid—L. H. Hargrave, 2nd prize. Rose Gagnon, 3rd prize.

Black and White.
Group of still life in black and white—Rosalie Smith, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.
Group of still life in color—M. H. Walters, 1st; Arthur Adams, 2nd; Alice Chaffoux, 3rd.
Group of still life in color—M. H. Walters, 1st; Arthur Adams, 2nd; Alice Chaffoux, 3rd.

Sheet of sketches of botanical details—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.
Copy of portrait in pencil or crayon—Lauretta Carrigan, 1st; Alice Chaffoux, 2nd; Alice Chaffoux, 3rd.

Landscape in color. In sepia, blue or grey—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.
Landscape in color—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.

Drawings from Plans.
Drawing of plant form in pencil, pen or ink—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.
Drawing of roof or flower in color—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.

Illustration of story. Same or some other—L. H. Hargrave, 1st; Lauretta Carrigan, 2nd; Alice Chaffoux, 3rd.

Telephone Directory

The following phones have been installed but do not appear in present directory:

- 1437—Alberta Egg Co., basement 1151 Kinsington Ave.
- 4455—A. Berta Printing Co., 507 Broadway, Kinsington.
- 2617—American Cleaners, 30 McDougall Ave.
- 6249—Bahunen, Esther, Rooming House 505 Heilmann St.
- 1374—Bancroft, May R., Miller, 549 Fourth St.
- 2691—Boyd, Mrs. R., Residence, 630 Kinsington.
- 7120—Buras, P. & Co., Clothing, 441 Alberta Ave.
- 1274—Byer, Dorothy, Residence, 43 Wilson St.
- 4014—Canadian Air Chambers, Ltd., 243 Jasper West.
- 8122—Carthage, C. E., M.D., Residence 1819 24th St.
- 8173—Caulfield, Joseph, Residence, 1045 26th St.
- 31214—Chamberlain, Miss Ethel G., Res., 189 Whyte Ave. W.
- 81630—City Grocery No. 2, 689 24th St.
- 71979—Connelly & Nobbs, Shaving and Repair Shop, 259 Norwood Blvd.
- 1239—Cornwall, J. L., Residence, 16 Stewart St.
- 1820—Credit Clothing Co., 105 Purvis Bldg.
- 71128—Curtis & Lind, Furniture, 1000 Nanaywa.

In the Realm of Women

B. PENLOPE

HOW DID YOU?

Did you tuck in that trouble that came your way
With resolve heart and cheer?
Or did you hide your face
From the light of day
With a craven heart and fear?

Oh, a trouble's a ton, or a
trouble's an ounce,
Or a trouble is what you
make it.

And it isn't the fact that
you're hurt that counts
But only how did you take
it?

You are beaten to earth?
Well, what's that?
Come up with a smiling
face,
It's nothing against you to
fall down flat,
But to lie there—that's
distaste.

The harder you're thrown
why the higher you
bounce;
Be proud of your blackened
eye;
It isn't the fact that you're
licked that counts,
It's how did you fight—
and win!

And though you be down to the
death, what then?
If you batted the best in the
world,
If you played your part in the
world of men,
Why, the critic will call it
good.

Death comes with a crawl, or
comes with a pounce,
And whether it's slow or
swift,
It isn't the fact that you're
dead that counts,
But only how did you
die?

Miss Christened was the guest
of Mrs. Harner for the week-end.
Mr. and Mrs. M. R. Mitchell
are Calgary visitors this week.

Mrs. McNery, Bessano, is in town,
premiered at the Opera.
Mrs. Dargatz, who visited at the
Wilson camp at Gull Lake for a time,
returned to town Monday.

JUST FOR TO-DAY.
Look for tomorrow and its needs
I do not pray;
Keep me from any sin
Just for today;
Let me both diligently work
And daily pray;
Let me be kind to man and deed
Just for today;
Let me be slow to do my will,
Prompt to obey;
Let me not sacrifice myself,
Just for today;
Let me not wrong or idle word
Unhappily say;
Set thus thy soul upon my lips,
Just for today;
So for tomorrow and its needs
I do not pray;
Keep me, O guide me, O Lord,
Just for today.

—Samuel Milborne.

Mrs. Marshall and her little son
Toronto, are visiting Mrs. G. W.
Robertson, Garneau, South Side.

Mrs. Robert J. Watson and three
children leave September 1st for
Augusta, Ga., by a short visit
with Mr. and Mrs. Robert H. Mon-
tgomery at Vancouver on route.

Mrs. A. K. Corwell was the hostess
of a delightful little tea Monday
in honor of Mrs. J. B. Wilson, who leaves
on Thursday for her home at Hud-
son's Hope.

The hostess poured her own tea
in drawing room and Miss Wilson
assisted.
The guests grouped themselves
about, chatting pleasantly until a late
hour.

Mrs. Louis A. Wood, recently of
the South Side, has been in town—a
guest at Knox House—meeting old
friends again and making ar-
rangements for removal to London,
Ontario, where she and Dr. Wood
formerly of Robertson College, will in
future reside. Mrs. P. E. Egan, her
mother, accompanied her. They
have gone to leave for a few
days, but will return to Edmonton
on route for the East.

RED ROSE TEA ROOM.
The Ladies Aid of the local Alexan-
dria Hospital have arranged an at-
tractive booth at the fair, where tea
and refreshments will be served.
Cook books, with wonderful series of
the cuisine, will be on sale.

EMERGENCY TENT.
The United Aids are again doing
splendid work this year. An emer-
gency tent has been erected, where a
nurse and doctor will attend anyone
in need.

extraordinary in such a crowded
thoroughfare. A real test was
put on where tired mothers and
children must go on and lie down. More
the ladies of the United Aids are
in charge. The two white tents are
very roomy.

WHAT A GIRL MUST LEARN.
These are The Detroit Free Press
are the things that a girl must learn:
To sew.
To cook.
To mend.
To be gentle.
To value time.
To dress neatly.
To keep a record.
To avoid idleness.
To be self-reliant.
To share stock in life.
To respect old age.
To make good friends.
To keep a house tidy.
To be above gossip.
To make home happy.
To control her temper.
To take care of the sick.
To take care of the baby.
To sweep down clothes.
To marry a man for his worth.
To read the very best of books.
To take plenty of exercise.
To be a helpmate of her husband.
To keep clear of trashy literature.
To be light-hearted and neat-foot-
ed.
To be a womanly woman under all
circumstances.

CUPID'S COURT
BREWSTER-JOHNSTON.
A quiet marriage was solemnized on
the evening of Friday, August 8th, at
the home of Mr. and Mrs. Peter Brew-
ster, 543 1/2 Avenue N.E., when
Miss Harriet Johnston, of Pleasant
Valley, Oregon, became the bride of
John Brewster. The bride was
attended by Miss Mary A. Brewster,
from Manitowish, Wisconsin, a sister of
the groom, while Mr. J. M. Thompson,
son of the bride, acted as best man. Mr. and
Mrs. Brewster will make their home on
the South Side.

DEWITT-BENNETT.
At the home of the bride's parents,
Mr. and Mrs. A. Bennett, "Bunny
holms," Laidlaw, on Saturday, August
9th, the third daughter of the house,
Miss Harriet Johnston, of Pleasant
Valley, Oregon, became the bride of
John Brewster. The bride was
attended by Miss Mary A. Brewster,
from Manitowish, Wisconsin, a sister of
the groom, while Mr. J. M. Thompson,
son of the bride, acted as best man. Mr. and
Mrs. Brewster will make their home on
the South Side.

BANFF BRIEFS

As the summer season is almost
over, the Banff people seem desirous
to make the most of the fast fleeting
golden week-ends.
Edmontonians visiting the moun-
tain beauty spot recently are as fol-
lows:
At the C.P.R. Hotel—Miss E.
Taylor, Miss N. Campbell, Miss M.
Lovera Allen, Mrs. J. G. Fraser.
At the Chateau—W. Thompson, T.
Hedges, Mrs. J. A. Fife, Miss Fife,
Mr. F. Fife, Mr. and Mrs. W. O.
Douglas.
At the King Edward—Mr. R. H.
Thomson, Mr. H. Seely, Mr. T. J. No-
man and his son.
At the Mount Royal—Mrs. C. L.
Drice, Mrs. A. C. Cohen, Mr. T.
Thomson, Mr. H. Seely, Mr. T. J. No-
man and his son.
At the Alberta Hotel—Mr. E. Mc-
Lennan, Mrs. Arlington, Mr. and Mrs.
C. W. Achler.

R. W. WALKER'S LADY NEWS.
Miss Helen Webster was the hostess
of a jolly little card party Wednesday
evening.
Miss Lawrence, who has been en-
joying a delightful holiday, has re-
turned to the city.
Miss Dodd is spending a few days
at the home of her mother.
Miss Hepburn, who has been in the
city for a few weeks, has returned to
her home.
Mr. Barney is a guest at the "Mills
and Sons" for a large stock of popular
patterns. Mr. MacKenzie and Mr. Jeffery
spent the week-end at Mr. Gould's
cottage, "Glenhead."

The Local Theatres

Three exceptionally good turns and
four that are fair make up this week's
Edmonton vaudeville offerings at the
Empire theatre. Charles A. Delmore
and Ben Light, who sing songs and
play the piano make the main draw of
the show. Yesterday, while Willis Clark in
"The Little Paragon" and a duo of
Helen and Lee, two Hebrew comedians,
sang a rapid fire of rags and songs, also
sang for a large stock of popular
patterns.

One of the most pretentious numbers on
the program, a musical number, featuring
Vivian Seale, and presented by Jesse
McLennan, proved rather disappointing.
"The Little Paragon" is the title of
this mixture of old and new and good
and bad.

An act that is well played and has
interesting numbers in "The Little
Paragon," in which Willis Clark appears,
and a duo of Helen and Lee, two Hebrew
comedians, sang a rapid fire of rags and
songs, also sang for a large stock of
popular patterns.

AT THE LYCEUM.
The players at the Lyceum succeed
in extracting most of the laughs con-
tained in "The Man from Malaya" and
provide excellent entertainment at the
Empire theatre. Charles A. Delmore

INDIANS DEMAND THE RIGHT OF EDUCATION

Indian Chief, Wait on Minister of Interior in regard to matters in dispute between Indians and the Government.

Winnipeg, Aug. 12.—Several Indian chiefs from the Six Nations reserve near Brantford have been in the city today, in connection with the Indian problem.

Chief Johnson explained that one of their grievances is that more attention is given to the education of their people. Then Chief Davis added:

"We feel that, as we are called upon to fight the battle of life, we should be provided with the opportunities to acquire an education the same as white people are."

Another very serious bone of contention in their estimation is that in one or two cases Six Nations Indians have been transferred to other tribes without gaining the consent of the Six Nations council.

regular program, introduced her own "Wingate Reef," entitled the Soul of Venice, and set to music by Alfred Jay herself. During the course of the play, Miss Jay sang two different songs. The society feature has been introduced in other big cities and has been a decided hit wherever shown.

EDMONTON

EXHIBITION FORMALLY OPENED BY JOHN BRIGHT, LIVE STOCK COMMISSIONER

Attendance at Opening of Big Fair Good in Spite of the Weather

LIEUT. GOV. BULYEA ATTENDS WITH SUITE

Crowd Finds Many Attractive Features in the Different Buildings

Promptly at two yesterday afternoon the ceremony in connection with the official opening of the fair was got under way. The platform was occupied by a large number of prominent men among whom were Mayor Short, Hon. Frank Oliver, many officials of the exhibition and members of the government civil departments and aldermen.

Mr. John Bright, Dominion stock commissioner by whom the opening ceremony was performed, said he had much pleasure to be in Edmonton again, although this time he had taken part officially in connection with the fair. He considered it was a very great honor to open a real fair and live stock show. "I don't suppose," continued Mr. Bright, "that there is an exhibition in Canada for live stock where more expense and attention have been devoted to that end of it. That show has never been a real success which does not lay emphasis on live stock and agriculture."

Edmonton was particularly fortunate in having around it country hardly to be excelled in the Dominion for stock raising and for growing food for the rearing of prime stock.

Compliments Allround.
"I would like to compliment the province," Mr. Bright went on, "in having the Hon. Dr. Macleod, Marshall as head of affairs in connection with agriculture. Mr. Marshall is a real live wire in live stock. You will have to go a long way to find a man giving more real attention to the development of this branch in the province."

Prizes Hospitality.
Mr. Bright went on to refer to the hospitality that had been extended to the city towards exhibition guests, under the direction of Mr. James McDougall, chairman of the reception and entertainment committee, and added that, judging from his own experience, no one would go away with anything but a high appreciation of his reception.

He then formally declared the exhibition open.

Governor Present.
Lieutenant-Governor Bulyea, with his suite, appeared shortly after two o'clock, and took their places in the new box provided for the party.

Hacing started promptly at schedule time, and the attendance, considering the unpropitious state of the weather, was very good. The part-hunters, for the first time, were attracted rather more interest and curiosity than money.

All the judging has been begun. The horse-race, as is usual in front of the grand stand, and the races, under the direction of George Pepper and Dr. Johnston.

Domestic Manufacture.
The cramp-looking leaves of black, dark red and brown, dark and light, fruit cake, sponge cake, deliciously local home made—would tempt "the dining society to eat" were to be strolled into the agricultural buildings and see the domestic manufacture. Cheese, golden cake, butter, bottled vegetables, fruit preserved and canned, all tell of the busy summer in the dairy and the kitchen—all speak of the capability of the farmers' wives.

Locally Needlework.
It is quite evident from the array of women's exhibits seen at the fair, that the midnight oil was burned while many of the women of Edmonton and its suburbs "plied their needle."

A Motor Boat For Everybody.
GET a portable detachable rowboat motor that will fit any rowboat in less than one minute. If you would like to show you the

It weighs but fifty pounds and will drive a rowboat eight miles an hour. It is so simple a child can operate it.

Love of Fine Art is Shown In Art Gallery at The Exhibition

That the "real estate" fever and the "mad rush for gold" in Edmonton has not overshadowed the love of fine art is indicated by the magnificent art gallery in the manufacture building at the exhibition this week. That there is an artistic atmosphere in the Alberta capital is evidenced by the exquisite oil paintings and water colors exhibited by Edmontonians.

The place of honor in the art gallery is given to Paul Peels' "Portrait of the Artist's Mother," lent by his brother, Mr. Fred A. Peels, South Side. The artist's name is one of the foremost in Canadian art. The picture is insured at \$1,000.

On either side are Dr. Rutherford's delicate little oil paintings—on "Hayne Near Morley, Alberta." Nearby is a group of English water colors lent by Mr. C. Lucas, including "Near Briscoe on the Thames." These convey a vivid impression of English rural scenery. On another panel of the wall, "The Arrival of Champlain at Quebec, 1608," by George A. Reid, R.A.C., challenges attention. His historical value need not be touched upon. Nearby are two small oil color—fine subjects.

"A portrait of A. P. Coleman, Esq., president of the Alpine Club of Canada," by J. W. Le. Pomeroy, O.S.A., is a striking likeness of the original.

"Afternoon in the Cottage," by Ellis Johnston, is a low-toned and beautifully harmonious effect.

"An Eastern Chinese Pastoral," by F. H. Briden, O.S.A., is very fine. Two charming effects in oils—"A Misty Moon" and "Rough Weather on the Cornish Coast," by W. M. Cutler, A.R.C.A., will compel more than a passing glance.

A magnificent cloud study—"Fishing Boats at Scheveningen," is shown by Dr. Riddell.

"Notes in the Camp of George," by Archibald Kay, R.S.W., is a notable contribution to the collection, and will bring back many memories of "Calcutta" stern and wild to be seen in the collection, which is the foremost Scottish landscape painter of the present day.

Sketches by Mary Heister Reid, revealing more than one long, lingering glance by the connoisseur of the admirer of beauty.

Lithographs Distinctive Feature.
Distinctive features of the collection are the lithographs and etchings. A great many of which are the possession of collectors. Here a very fine quality is portrayed. Entirely French in character and a very simple of modern methods in lithography is Raymond Woods' "Dissection of the Human Body," by Brunet, lent by Dr. A. Hink, "After the Dance" and "Cyrenus at Plurone" are lent by Mrs. Warden.

The draughtsmanship is a daring piece of art successfully carried out with reference to the spacious landscape ground which gives atmosphere to the composition.

A collection of sketches by William Johnston, lent by Dr. McNeilson, are the lithographs and etchings. A great many of which are the possession of collectors. Here a very fine quality is portrayed. Entirely French in character and a very simple of modern methods in lithography is Raymond Woods' "Dissection of the Human Body," by Brunet, lent by Dr. A. Hink, "After the Dance" and "Cyrenus at Plurone" are lent by Mrs. Warden.

**Not Confined to Farming Community Alone—Besides Various
Kinds of Farm Machinery Are Autos, Pianos, Builders'
Supplies, Power Boats and House Furnishings**

[illegible]

Great Northern Trunk Co.
The Great Northern Trunk Co. booth in which the decorations have just been completed is one of the most interesting in the building. The displays include tanned hides, robes and furs, and a large number of the besides a number of harness which have been in use for a year. The latter show very few signs of wear.

 The company has a splendid exhibit of saddles, trunks, bags, carpets and ladies' hats, all of which are extremely stylish.

 The exhibit of the Edmonton Saddlery company is also attracting great deal of attention. Its booth is one of the most "cosy" in the English saddles, besides a complete line of leather trunks, valises, pocket books, hand-bags, bridles, and in fact almost every kind of leather goods.

 The exhibit in the building is now

by R. V. Cawell, Saskatoon; Iberville
and Washburn, Inga, Man.; C. F. Lee,
Edmonton; J. A. Gaudet, Vancouver;
Winnipeg; Man.; Berry and Ross,
Hattenburg, Alta.; Wm. Gilbert, Mon-
treal, Alta.; H. A. Kidney, Devil's Lake,
Man.

Hereford—79 entries, exhibited by:
I. D. Clifford, Okanawa, Ont.; O. H.
Crawford, Edmonton; Morson Boyce,
St. Catharines, Ont.; J. E. Brown,
St. Prince, Albert; J. A. Ross, Lloyd-
minster, Man.; Hill Bros., Lloydmin-
ster.

Aberdeen Angus—74 entries, exhib-
ited by W. H. Stewart, Dalnaird, Alta.;
J. A. Tuttle, Lacombe, Alberta; Ber-
tha; Jas. Bowman, Guelph, Ont.; J.
W. McGregor, Brandon, Man.

Galloway—22 entries, exhibited by:
G. S. Lauder, Lacombe, Alberta

COWDEROY'S FINE SHOOTING FEATURED FINAL DAY OF NORTHERN GUN CLUB TOURNEY

Won Individual Championships of Province After Fine Exhibition
McLaren Second and Grabbs Third—Northern No. 1 Wins
Five Man Team Championship—Meade Best Performer

The second annual tournament of the Northern Gun Club which came to a close last night, was a most successful one. The winners of the individual championships were: McLaren, second; Grabbs, third; Northern No. 1, five man team championship; Meade, best performer. The feature of the day was the fine shooting of Max Cowdroy, who finished with the best gun in the tournament. He won the individual championship of the province, and also the high score in the five man team championship. The winners of the individual championships were: McLaren, second; Grabbs, third; Northern No. 1, five man team championship; Meade, best performer. The feature of the day was the fine shooting of Max Cowdroy, who finished with the best gun in the tournament. He won the individual championship of the province, and also the high score in the five man team championship.

CALGARY WINS FROM SASKATOON IN THE TENTH

Calgary Pitcher Sent Streib Across With Winning Run in the Tenth

By Bulletin Leased Wire. Saskatoon, Aug. 12.—After a ninth round rally in which Collins the Quaker and man tied the score with a homer with one on the Calgary grounds came back in the last fraction of tenth round battle here today chalking up the winning rally on two doubles. The girl was sent over the right garden wall for four homers during the game, Collins affecting the play of the other two occasions. "Burr" opened the game with his second run in the fourth on a single walk and Harper's foot. Streib took four catches in the fifth but after having won a couple more in the sixth, the Bronks were retained on a pretty double on Vinton's grounders.

THE SLOOP "VERONA" AT THE BOTTOM OF LAKE ONTARIO. This racing yacht, owned by Vernon J. Jackson, of the Queen City Yacht club, sank just outside of Toronto harbor, after a heavy fog, after a heavy fog, after a heavy fog.

CONCANNON HAD RED SOX AT HIS MERCY

Only 29 Batters Faced Millers' Star Pitcher Who Beat Regina 12-1

By Bulletin Leased Wire. Moose Jaw, Aug. 12.—In a game featured by Concannon's brilliant pitching and occasional support, by his team, the locals defeated the Regina Red Sox 12-1. Concannon, in his first game since his return from the States, was in control from the first inning, and his team, the locals, were in control from the first inning, and his team, the locals, were in control from the first inning.

EDMONTON PITCHERS WERE HIT HARD BUT BIRDS MANAGED TO TIE WITH HATTERS 9-9

Clayton Was Derricked in the Third in Favor of Heinrichs Who Was Also Bumped Hard—Dunn's Triple in Seventh Tied Score—Rust Hit Out a Homer

By Bulletin Leased Wire. Medicine Hat, Aug. 12.—Medicine Hat and Edmonton played even home runs or wild baseball here today to a 9-9 tie. It was a game full of action with the result always in doubt. In fact, after the fifth up until two were out in the fifth half at the seventh, the birds were leading by three runs but the Hat pulled it down and nearly won out, having a man on third when the last man died and the game was called on account of darkness. Lind and Clayton were the opening pitchers. The latter was derrick in the third, however, and Heinrichs threw out. The pitching of all three men was not out of the best, all being hit hard. If it had not been for good support, it would have been a real favor of the game.

After Lind had walked one man in the first half but a home run, the birds were tied. Clayton, who had been hit hard, was hit out by Heinrichs in the third. Clayton was hit out by Heinrichs in the third. Clayton was hit out by Heinrichs in the third.

VEOREVILLE TEAM WILL PLAY CIVICS

Around the City

The Allen line report that the summer line reached Quebec yesterday, arrived at Montreal today. The line was in good shape and was in Winnipeg on Thursday night.

Mrs. and Miss John Johnson of Moose Jaw, Sask., are the guests of Mrs. H. D. Hallett, 215 First Ave. northwest, for a few days, after which they will visit their father and brother before returning to the city.

E. E. Frazee, district manager of the Imperial Life Assurance Co. here, leaves this week for Toronto to attend a meeting of the One Hundred Thousand Club, comprised of agents who have written large business during the year.

J. P. Lyle, member of the Saskatchewan provincial legislature for the constituency of Laramie, is in the city attending the Dominion exhibition. Mr. Lyle stated that in the district where he is representing, the crop through Saskatchewan is in excellent condition and business is beginning to flourish.

The studies of the supreme court of Alberta, ex. hanc, for the next six months, were announced at the court yesterday. For the next six months of civil cases the court will sit at a sitting of the One Hundred Thousand Club, comprised of agents who have written large business during the year.

The funeral of Mrs. Fred Land, south side, who died an octogenarian, will be held on Wednesday at 2 o'clock from the undertaking parlour of Waterman and Jackson to Mount Pleasant cemetery.

GASOLINE EXPLODES

An explosion of a quantity of gasoline in the rear of 4th Street, yesterday afternoon, was the occasion of a fire which caused the destruction of the rear premises. A general alarm was sounded and the fire department was quickly on the scene. The cause of the explosion was the leakage of the main building was prevented from damage.

HON. ROBERT ROGERS COMING

The Hon. Robert Rogers, minister of public works for the Dominion, who has been travelling through the west, is expected to arrive in the city on Friday morning. During his visit he will be entertained by the local Conservative executive. It will also attend the exhibition in the afternoon. It is understood that city officials will take up several matters with Mr. Rogers.

MATRICULATION RESULTS

The following amendments and additions to the published results of matriculation are handed out by the Registrar of the University of Alberta:

The following students, who were reported as having passed in Latin, are also reported as successful in the complete Latin examination: Carl Brydon, P. C. Dickson, H. O. Harper.

The following students, who were reported as successful in the complete French examination: P. C. Dickson, J. B. Oliver, M. E. Hagen, M. McLean.

G. T. P. TELEGRAMS

The following is a list of universities: 18198, July 16, Robert Macdonald, 2219, July 22-23, Edith M. Hockett, 81529, July 24, H. Gibson, 22197, July 25-27, John Hanson, 271, Aug. 2, H. Turnbull, 132, Aug. 2, P. B. Burdett, 734, Aug. 2, Mr. Rumball, 734, Aug. 2, C. C. Hick, 734, Aug. 2, Dr. W. W. Watson, 801, Aug. 8, C. G. Elliott, 8123, Aug. 9, J. Dougherty, August 12.

UNBURY AT ST. ALBERT

Hunt's drug store close to the C. N. H. depot in St. Albert was the scene of a horrible tragedy last night. Entrance was effected through a window, the light being cut out. Two or three windows had been forced in trying to open. About \$125 worth of jewelry, particularly watch, rings, watches, rings, bracelets, pins and fountain pens and also about \$100 in cash were taken. Probably the perpetrator or perpetrators were surprised when they had reached the open air as several packets of tobacco were found stashed in different directions. The mounted police have the matter in hand.

STREET CAR DERAILLED

A street car was derailed on the Jasper avenue east line, near the penitentiary yesterday afternoon and as a consequence the service to the penitentiary was discontinued for a considerable time. There was a long delay of cars on either side while the wrecking crew were at work, passengers in and from the exhibition complaining loudly of the delay. The derailed car was eventually placed on track.

Except for this incident, the car service to the exhibition was very satisfactory. The frequency of the system was not of course severely affected by the derailed car, but the weather, and much larger crowds could have been handled with ease.

WANTS THE FORMER HOME CITY

The Hon. Phillips Roy, commissioner general for the Dominion at the Fraser exposition, arrived in the city yesterday morning for a stay of several weeks' duration and is highly enthusiastic in his remarks on the city. He visited the exhibition yesterday and said that the city, after a tremendous development that had taken place since he last visited it, was now a most attractive city.

Mr. Roy said that he had been told that the majority of the people in the city were of the opinion that the city was now a most attractive city. He said that he had been told that the majority of the people in the city were of the opinion that the city was now a most attractive city.

Around Corridors

CANADA IS KEEPING NEW PRODUCTS HOME

Growth of Population is Marked by the fact that the Dominion of New Zealand is now keeping home.

OTTAWA, Aug. 12.—While Canada's trade with New Zealand is steadily increasing, according to report of the Dominion of New Zealand, the percentage of the New Zealand trade is less than that of many countries which have no preferential treatment in Canada over other countries.

For the fiscal year ended March 31, imports from Great Britain were 20.2 per cent of the total. From Australia 12.3 per cent, from the United States 9.3 per cent, from Germany 2.1 per cent, and Canada 1.8 per cent. New Zealand extends preferential treatment to Canada over other countries.

The United Kingdom, during the six months ended June 30, imported 560,000 lbs. of butter from New Zealand. Canada sent more than 500,000 lbs. of butter to New Zealand. New Zealand sent more than 500,000 lbs. of butter to Canada.

The United Kingdom, during the six months ended June 30, imported 560,000 lbs. of butter from New Zealand. Canada sent more than 500,000 lbs. of butter to New Zealand. New Zealand sent more than 500,000 lbs. of butter to Canada.

The United Kingdom, during the six months ended June 30, imported 560,000 lbs. of butter from New Zealand. Canada sent more than 500,000 lbs. of butter to New Zealand. New Zealand sent more than 500,000 lbs. of butter to Canada.

The United Kingdom, during the six months ended June 30, imported 560,000 lbs. of butter from New Zealand. Canada sent more than 500,000 lbs. of butter to New Zealand. New Zealand sent more than 500,000 lbs. of butter to Canada.

The United Kingdom, during the six months ended June 30, imported 560,000 lbs. of butter from New Zealand. Canada sent more than 500,000 lbs. of butter to New Zealand. New Zealand sent more than 500,000 lbs. of butter to Canada.

"Freizes"

It is only in very recent years that the Freize has come into general use. The Freize may be used in any room and should be in the note in the scheme of decoration. The choice of subject, design and color should be determined by the character of the room and the continuous unbroken space all around the room is not necessary, and when the openings do not break the continuity of the room, the Freize may be employed to avoid the monotony of too long an exposure of uninterrupted Freize.

FORT GEORGE

THE NEW CITY OF MOUNTAIN—THE NEW

The life blood of a town is its water supply. In the west, where the climate is so dry, the water supply is of paramount importance. By referring to the map, one can see a series of broken lines, extending along the coast, which are known as the Rocky Mountains. These mountains, which are 200 miles long, are the source of the water supply for the entire west. The water flows from the mountains to the coast, and then to the cities. The cities of the west are all dependent on the Rocky Mountains for their water supply. The cities of the west are all dependent on the Rocky Mountains for their water supply. The cities of the west are all dependent on the Rocky Mountains for their water supply.

Pacific and Peace River.

Edmonton, Yukon and Pacific. The water supply of the west is of paramount importance. The cities of the west are all dependent on the Rocky Mountains for their water supply. well that it was fully understood and necessary to have a final hearing in the case, the Grand Trunk Pacific on the 20th March, 1912, surreptitiously put through a station location on the Fort George Indian reservation under the name of Prince George, 6,214 feet east of Fort George town-site.

"The attention of the railway commission was called to this act, and in consequence the hearing before that body on May 6th, 1912, and ruling

to go into details as regards the antagonism of a great corporation. "At some future date, if the occasion seems to warrant it, I propose to disclose to the public of Canada and the investors of Europe just exactly what kind of people sometimes attain to the head of great corporations, and also to disclose some of the inside facts in connection with the building of a great transcontinental railway.

"I feel particularly gratified in be-

THE SIZE OF FORT GEORGE TERRITORY.

Fort George is the sole distributing point for a larger fertile territory than any other one city in the world.

To the north, the country stretches away for 600 miles without a city or town.

To the east it is 250 miles to Dunsmuir and 365 miles to Edmonton.

To the south it is 430 miles to Vancouver, and, to the west, lies Prince Rupert, 469 miles away.

From these figures we see that Fort George occupies almost the exact centre of a vast tract of land containing 14,000 square miles or over 162,000,000 acres, and Fort George is going to

play a large part in the settlement of this land.

FORT GEORGE IS A RICH MINERAL DISTRICT.

That Fort George is in a rich mineral district has already been thoroughly demonstrated.

There are hundreds of rich claims of gold and silver which have been located by the hardy prospectors who seek out the treasures of earth for its advance of civilization, and now are only waiting the coming of the railroads that they may bring in the machinery necessary to transform these claims into paying mines.

Some of the more daring are not even waiting for the steel, only last week Merton H.

Stickle passed through Edmonton with two stamp mills which he is conveying to the junction of the Ingenika and Finlay rivers.

They are to be transported from Athabasca Landing via the Athabasca and Peace Rivers to Hudson's Hope, and from there they will be packed overland to his claims, which lie north of Fort George.

Mr. Stickle is an old time prospector and was among the first to reach the Klondike after the discovery of gold at Cape Nome, and has had a large experience both in placer and quartz mining.

He has spent the last two years prospecting in central British Colum-

bia, and believes that within a few years, some of the greatest mining camps of America will spring up in that territory.

There has been many gold and silver claims discovered in the Haskins Mountains, and to the east of them is the Amnara district, and also thousands of square miles that has not yet been prospected.

Around Stewart Lake to the northwest of Fort George several silver claims have been located, and rich

was this season on the floor could bituminous coal of exceptional value, is the statement made by E. H. Hopton of Vancouver, to George.

Engineers of reputation, and James Ashworth, have strongly urged the proposition at Mr. Hopton's request, and each in reported most favorably on

WHERE THE BOAT DOCKS AT FORT GEORGE.

May 19th, 1912, giving the people of Fort George just exactly what I had offered the railway company a fortune for in 1910, and I can say with full knowledge of everything that has transpired in the meantime that the failure of negotiations with the railway company has cost me at least a quarter of a million dollars extra expense because I felt in duty bound to obtain for the people, who had trusted me with their investments full justice and protection at no matter what cost to myself in money or effort.

"It is not my desire in this communication to those who have so lavishly supported me in this first during the past three and a half years.

ing able to announce to my thousands of clients and to others interested, that every prediction made by me in regard to Fort George is being more and more fulfilled. It is quite true that the present development at Fort George is not more than we expected to see in the early part of 1911, or practically two years ago, but that fact is easily explained by reason of the delay in construction of the railway. It was freely announced by the public press in 1909 and in 1910 by the officials of the railway that the line would be completed through Central British Columbia in 1911. If the railway company had completed their line as they publicly announced, Fort George would have been in May 1911, just exactly where it is today.

BANK OF VANCOUVER, FORT GEORGE.

BUNGALOW UNDER CONSTRUCTION, FORT GEORGE.

gold bearing quartz has been found within two miles of the western limits of the townsite.

The entire Cariboo district is known to be highly mineralized and with the coming of the railroads, the Cariboo, a small camp which contains vast deposits of medium grade ore, can be profitably worked.

Even now some of the claims are taken over to the Bear equipment has to be carried over there from Ashcroft, a distance of 274 miles.

FORT GEORGE REALTY & SECURITIES Ctd.

J. A. SHEARER, President

F. J. SHEARER, Secretary-Treasurer

H. A. CARNEY, Vice-President

Fort George is now generally recognized as the coming city of Central British Columbia, established as a distributing point over 100 years ago. A year hence its waterways as a means of transportation will be to a great extent replaced by the railroads which soon radiate from this the central point. Already several of the largest wholesale houses in the Dominion are preparing to establish branches here as soon as railroad connections are completed.

During the past three years the pioneers of Fort George have pushed steadily forward under great difficulties always looking forward to the time now drawing near.

We know personally and can handle every subdivision now on the market and our ACTUAL KNOWLEDGE of the land should be of immense value to the large or small investor in single lots or acreage tracts.

FORT GEORGE REALTY & SECURITIES CO.

Room 215, Moser-Ryder Block

HEAD OFFICE, FORT GEORGE

Vancouver

Fort George was Selected by Nature—Developed by Man, Made Commercially CERTAIN by the Railroads, and Destined to Become One of the Mighty Cities of the Mighty West.

LOCATION

Fort George is situated at the confluence of the Nechako and Fraser Rivers, in the east central portion of the great undeveloped interior of British Columbia. Fort George is located on the main line of the Grand Trunk Pacific, now under construction, between Fort George from Edmonton, and from Prince Rupert, the Grand Trunk Terminal point on the Pacific Coast. Fort George is also on the main line of the Pacific Great Eastern Railway, which line is now under construction from Vancouver north to the Peace River. The Pacific Great Eastern crosses the main line of the Grand Trunk Pacific at Fort George, forming a junction of two most important lines of transportation—one the Grand Trunk from east to west; and the Pacific Great Eastern from south to north. Crossing as they do at right angles, Fort George holds the unchallenged position as a railroad centre.

In addition to these lines which are now in course of construction there are several other projected lines which have their surveys located through Fort George, and which have government support and the necessary capital.

RAILROADS UNDER CONSTRUCTION AND OTHERS WHICH HAVE SECURED CHARTERS TO BUILD TO FORT GEORGE.

Grand Trunk Pacific Transcontinental, to reach Fort George in the summer of 1911.

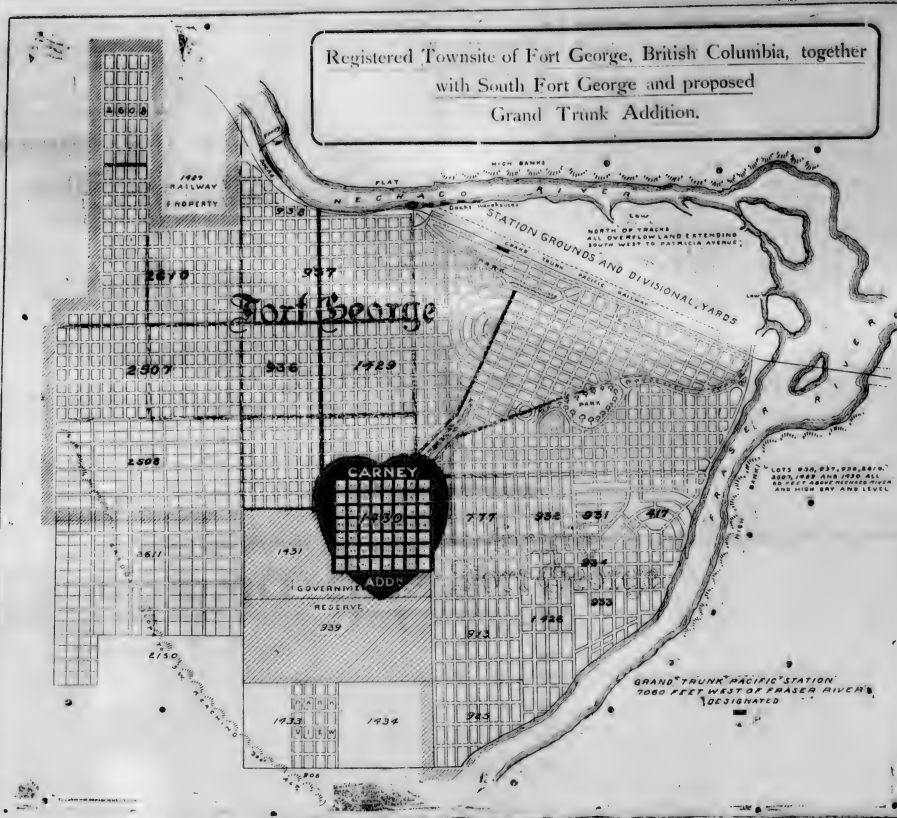

Pacific and Great Eastern built, guaranteed by the British Columbia government, to build from Vancouver to Fort George in three years; now under construction.

British Columbia and Transcontinental, through the Peace River country, to build solely from the Dominion government.

Canadian Northern Railway.

Pacific and Hudson Bay Railway.

Pine Pass Railway.

Key Plan Showing Exact Location of CARNEY ADDITION, in the HEART OF FORT GEORGE.

CARNEY

The key-plan on this page shows Fort George with all its additions, including South Fort George and the Grand Trunk Pacific Subdivision. Up to the present time the most of the development has taken place on Block Lot 937, which lies on the Nechako River front and adjacent to the railroad property. Central Avenue is already firmly established as the business centre, and here the hotels, retail shops, stores and banks are located. Fraser Avenue divides B. L. 937 from the railroad property, and as a business street bids fair to become second in importance, only to Central Avenue, for it extends from the Nechako River to the Fraser River, and will undoubtedly have steamboat docks at each extremity.

Now, notice that South Fort George can grow only westward, and that on the proposed plan of the subdivision of the G. T. P. property the important streets run into Fraser Avenue at or near Carney, and further that property over a mile farther out than Carney has been subdivided into town lots and is now selling. Considering, then, that Carney is in the direct line of present growth and development of the business section of Fort George, and likewise of South Fort George, and lies adjoining the G. T. P. property, the important streets of which lead to Carney, you will readily see that Carney is the best buying in Fort George today; and your first chance to buy "Future Property" direct from the owners at "before the railroad" prices.

NEW CITY MAKING WONDERFUL PROGRESS

Population Rapidly Increasing—Railways Rushing Construction Work—Realty Values Advancing—Its Future Now Assured.
FORT GEORGE will be the Wholesale Jobbing Centre of the Peace River District.

Thanks to its location at the junction of the main waterways of central British Columbia, Fort George is on the line of every railway building or projected through that immense territory.

The Grand Trunk Pacific and the Canadian Northern are two of the great East and West railways that will pass through Fort George. Also, all the lines building through the Peace River country will touch this point.

The possibilities of Fort George as a railway and distributing point are thus immense.

But there is a deeper phase of this same question that has not been raised so frequently. Here are some of its points:

We believe that the opening of the Panama Canal will cause a great trade to flow westward from the great Peace River country, now being opened up towards the Pacific Ocean. The easy northerly passage

through the Rocky Mountains—the Yellow Head and the Pine—will make this westerly trend of traffic possible and feasible.

Fort George, both by distance and by its position on the line to the main Pacific port, Vancouver, is the logical wholesale jobbing centre for the Peace River district, more favorably located even than Edmonton.

For reasons of comparison, take Fort Arthur, Ont., as the nearest port on the east, and Vancouver, B.C., as the western outlet. Dunvegan, Alta., may be taken as the centre of the Peace River district.

From Fort Arthur, the water port on the east, to Dunvegan is 1,500 miles. From Vancouver, the water port on the west, to Dunvegan is 770 miles. Vancouver has the advantage by a full 730 miles, or more than half the distance between Dunvegan and Fort Arthur.

The natural jobbing point for the Peace River district from the Vancouver side is Fort George, B.C. Fort George is 320 miles from Dunvegan, and 450 miles from its water base, Vancouver.

THE ANSWER? It is this—Fort George is the logical supply point for the Peace River district, an immense territory capable of supporting a population of millions. It has the double advantage over Edmonton of being closer to Dunvegan and much nearer its water base. It must be remembered that Dunvegan is in the Province of Alberta, 125 miles east of the British Columbia boundary. Thus, Fort George will command the trade not only of northern British Columbia, but of a part of northern Alberta as well.

The two tables given on front page illustrate these points clearly. The railways must build through Fort George, and Fort George is located to control the trade of an empire.

Add to this larger fact the splendid advantage of Fort George as a distributing point, with an unrivalled system of navigable waterways extending south, east and west, and the future of the place is seen to be well assured.

CAPITAL \$100,000.00

EDMONTON, ALBERTA

Fort George, the Heart of an Empire

(Continued from page two.)

the junction of the Metho and Fraser rivers.

The city is beautifully situated on a broad level bench about 70 feet above the river, and 1,820 feet above sea level.

Fort George has been laid out with the thought always in mind that some day it will be a large city. The streets run east and west, and the avenues north and south, the main business streets, Central Avenue, Princess and Broadway, are 100 feet wide, while the remainder of the thoroughfares are 66 feet.

The streets are cut through and graded, and a large portion of the job have been cleared off.

The city is now installing a waterworks system and in the course of a short time will have electric lights.

There are now many public and private enterprises among which may be mentioned:

- Post office.
- Telephone and telegraph office.
- Surveyors office.
- Government land, timber and mine office.
- Three banks.
- Three hotels.
- Two newspapers.
- One school.
- One public hall.
- Three Protestant churches.
- One Roman Catholic church.
- Hardware store.
- Six general stores.
- Three restaurants and rooming houses.
- Three barber shop, steam laundry, butcher shop.
- Jewelry store and many others, such as pool rooms, tobacco shops, livery barns, paint and paper-hanging, tin-smith, blacksmith, etc., even the laundry being represented by an up to date laundry shop.

There are three saw mills, a fish and deer factory, soft drink factory, steamboat wharves and freight wharves. Amusements and sports are well represented, there are bowling alleys, moving pictures and a covered skating rink.

Fort George also has the Fort George club, Fort George Athletic club who have pulled off some hot boxing matches, lacrosse, tennis and hockey clubs, and the only brass band in central British Columbia.

FREIGHT AND PASSENGER TRAFFIC.

At the present time the freight and passenger traffic of Fort George is handled almost entirely by water, three steamers, about 400 tons and many private owned motor boats being engaged in the work.

At the present time to reach Fort George from the south go to Ashcroft by C. P. R. then by auto, which leave at 1 a.m. every Monday and Friday to Soda Creek, from and to Fort George by the B. C. steamboat.

The fare from Ashcroft to Fort George is \$45.50, 40 pounds of baggage allowed each person, excess baggage is charged at the rate of 10 cents a pound.

To enter from the east take the Grand Trunk Pacific through Tete Jaune Cache to the end of steel, then from there proceed by boat to Fort George. The Foley Bros., Welch and Stewart steamers, and private boats are to be found at end of steel, and

HOTEL AT FORT GEORGE.

RAMMOND STREET FROM ROOF OF FORT GEORGE HOTEL.

while there are no fixed rates, the charges are very reasonable. Fares averaging about \$10.00.

WILL TAKE OVER LINE TO MILE 90.

Report states that Grand Trunk Pacific will soon operate road to that point.

It is reported on good authority that the contractors, Foley Bros., Welch and Stewart, will within the next ten days turn over that portion of the line lying between Mile 43 and Mile 90. Grading is completed to Mile 142, at which point the road crosses Fraser river, and track laying is now well advanced towards that mileage. The news that the line to Mile 90 is soon to be turned over to the G. T. P. is of great importance to Fort George, as bearing on the transportation situation for the rest of the season, because from Mile 62, the present shipping point, to Mile 75 the water would be too shallow for the steamers to navigate, but from Mile 90 they can run the entire season.

VILLAGE OF BEVERLY.

Shows Extraordinary Development of Cultivation of Flowers and Vegetables.

The judging for the prizes offered by Robertson-Davieson Limited, residents of the village of Beverly, formerly known as "Beaver Heights," Beverly Heights, located between Ashcroft and Beverly Heights, for the gardens showing the greatest amount of care and general all round

improvements and having the best exhibit of flowers and vegetables, was held this week. That great interest had been taken by the residents was everywhere apparent, and the judges soon found that the task before them was an exceedingly difficult one. Some 62 gardens were visited, and without exception they displayed the fact that the owners had spent patience, care, thought and time in an small measure in improving and cultivating their gardens. In several cases the judges had to admit that the growth and development of certain specimens of vegetables and flowers was as fine as they had ever seen. This fact is particularly worthy of note when we consider that this is the first year that the gardens have been cultivated. A very noticeable feature obtaining in all gardens was the large space that had been allotted to the cultivation of potatoes. The residents undoubtedly realize the necessity of having an ample supply to last over the winter.

Cabbages, cauliflower, carrots, celery, lettuce, vegetable marrow, onion, etc., were all well stocked and point to the fact that the residents are fully alive to the important fact of the relationship existing between the home and the garden, and realize the great saving a well stocked garden effects in household expenses. From the way improvements are being ahead it is evident that the residents have the spirit which builds up a successful and prosperous community. The judges were Mr. J. J. Murray, president, Queen's Avenue, and Mr. A. W. Cooke, secretary of Macrae-Holmes Company, Limited.

The prizes awarded by the Judges are as follows:

- First Prize—\$50.00, Mr. C. Hoare.
- Second Prize—\$25.00, Mrs. G. F. Beattie.
- Third Prize—\$15.00, C. M. Corrick.
- Fourth Prize—\$10.00, Mr. George Shannon.

Favorable Mention—Bradley Simpson, E. Bennett, E. Booker, C. Grimshaw, Hugh Knowles, A. Kohn, H. E. Smith, D. MacIntosh, J. L. Harner, William Hocking, Gosselin, M. Sorochan.

FORT GEORGE NOW RICHEST CENTRE OF PROVINCE AGRICULTURAL LAND.

J. H. Grisdale, Director of the Government's Experimental Farm, Reports on the Country

("The Sun," Vancouver, Oct. 7, 1913)

"Practically the last thing that the average British Columbian thinks of in regard to his province is its agricultural resources. He will expatiate on its climate, its scenery, its mineral and timber wealth, and its fisheries; but when the agricultural wealth is mentioned he instinctively thinks of Lulu Island and the delta of the Fraser, whereas, as a matter of fact, there are admittedly rich districts, and only an infinitesimal portion of the vast and varied agricultural wealth contained within the borders of the Pacific province. In central British Columbia here are agricultural possibilities and potentialities almost undreamed of by the average resident of Vancouver and the lower mainland."

The foregoing was the statement made at the Vancouver Hotel Saturday by Mr. J. H. Grisdale, of the Dominion Department of Agriculture and director of the twenty-three experimental farms maintained and operated by the Dominion government in various portions of Canada. Mr. Grisdale has just returned from a trip to Fort George, Quesnel and other portions of central British Columbia on business connected with his department, and as a result of all his department is more than enthusiastic concerning the agricultural possibilities of the central and northern interior of the province.

In all his extended agricultural experience, he stated, "I have never seen land more productive prolific or more remunerative than in the vicinity of Fort George. At Quesnel's ranch, three miles west of the Fort George Townsite, I saw eight acres of land that will produce over five thousand dollars worth of crop this

Harvest Time For You and Fort George

NOW that this season of hard work is here and the average farmer will reap the results of his toil—What better investment could be made than to put a little money into Real Estate in one of the fastest growing cities of the Great West?

We are the agents for ALL of Fort George, and have some very attractive bargains—of real worth—that a small deposit will hold. Specializing as we do on only Fort George Property we are in a position to know real worth, when we see it, and our experience should be of value to you, Mr. Investor.

The articles and cuts in this paper should give you a good general idea of the vast improvements now taking place at Fort George, but while you are in Edmonton drop into our office and see some of our latest photographs taken personally by our Mr. Peters who has just returned from a business trip to this new city.

NOW IS THE REAL HARVEST TIME—JUST BEFORE THE RAILS REACH FORT GEORGE

FORT GEORGE

"THE NEW PAYROLL CITY"

The Geographical and Strategic Commercial Centre of British Columbia and the Peace River District

Table Of Distances

| | |
|---|-------------|
| Fort George to Vancouver | 450 miles |
| Fort George to Prince Rupert | 460 miles |
| Fort George to Edmonton | 465 miles |
| Fort George to Dunvegan | 320 miles |
| Dunvegan to Edmonton | 320 miles |
| Dunvegan to Port Arthur | 1,560 miles |
| Dunvegan to Vancouver | 1,770 miles |
| Fort George to the northern boundary of B. C. | 550 miles |
| Fort George to the southern boundary of B. C. | 450 miles |

Fort George—by distances as well as by location—is the natural wholesale jobbing point for the Peace River district.

From the seaport base—Vancouver—it is only 450 miles. From Dunvegan, in the heart of the Peace River country, it is 320 miles, having an advantage of 40 miles over Edmonton.

Edmonton is 1,200 miles from its base—Port Arthur—and 360 miles from Dunvegan.

Fort George will command the Trade of Central and Northern British Columbia and the Great Peace River Because It Holds Every Strategic Advantage Over Other Locations.

\$25,000 A DAY

Fort George Soon to Be Busiest Railway Camp—Within Month Will Be Headquarters of 5,000 G. T. P. Workmen.

5,000 Will Be Working East of Island Capital, 3,000 West—In Addition, 2,000 Will Be Working South on T. & E.

(Vancouver Tribune, March 22, 1912)

Fort George, March 23.—Great activity is evidenced here in extensive preparations for making Fort George the largest railway construction camp known in British Columbia, the centre of mammoth development enterprise. Within a month approximately 5,000 men will be working under the supervision of headquarters established here; busy completing the links of the Grand Trunk Pacific Railroad, the steel of which is now less than 80 miles away.

Five hundred scows are under construction between here and Tete Jaune Cache for distribution of railway equipment, and thirteen gigantic steam shovel plants are being dismantled for shipment by water down the Fraser river to points where they will be utilized in the vigorous effort being made to complete rail construction into Fort George by the latter part of August.

Five hundred tons of supplies are being forwarded each week for the workmen whose activities will be directed from the new headquarters which Messrs. Foley, Welch & Stewart and associated contractors are now establishing on the former Indian reserve adjoining the townsite on the east.

The contract for clearing the reserve has just been let to Messrs. Foley, Welch & Stewart, and preparations for this work are being made simultaneously with the clearing of the new headquarters, pay offices, and supply bases for the contractors. To handle at Fort George the payroll, estimated to exceed \$25,000 a day, additional banking facilities will be necessary and part of this need is expected to be met by a new branch of the Bank of Ottawa.

Ten Thousand in All.
In addition to the 2,500 men, 2,000 working east of Fort George and the remainder on western extensions, all engaged in Grand Trunk Pacific construction, 2,500 other men men will be working southward from the townsite on the construction of the Pacific Great Eastern road. These men also will be under the supervision of headquarters at Fort George.

Business Openings at Fort George

If you want to start in any kind of business in a new town that will soon become a large city, go to Fort George. You can't make a mistake because Fort George will be the payroll centre for the next five years, besides having more natural advantages than any other city on the continent.

ANNOUNCEMENT

THREE years ago we put the first town lots at Fort George on the market. Since that time we have devoted our attention to the promotion and development of that future city to such an extent that Fort George has become famous and investors have made huge profits. Fort George is growing so rapidly that even the most pessimistic knocker concedes that we have "delivered the goods"

Now We Have Another Winner

that was located the same time we located Fort George

We Now Offer You First Opportunity to Buy Town Lots at

HUBERT

In the Heart of the Bulkley Valley, and the place which will command the trade of a great agricultural and mineral district.

The Bulkley Valley is a proven agricultural country and **Hubert** is the strategical trade centre.

Hubert also commands the trade of the great Hudson Bay Mountain and Babine Mining Districts.

Hubert is located on the Main Line of the Grand

Trunk Pacific Railway, three miles east of the old town of Aldemere (the latter not on the railway).

Hubert is the spot where branch railways must leave the main line to tap the Copper River Coal Fields.

You can buy now at First Cost. The grade is completed; sidetracks are being built; the steel will arrive and trains be running into Hubert within about thirty days.

Drop us a post card or letter with your name and address and ask us to tell you about Hubert

THE WESTERN EMPIRE

(Continued from page 8.)

Port George.

Port George is the name of the Hudson's Bay Company's post situated on the west bank of the Fraser, a little over a mile south of the junction of the Nechaco. At this point the Fraser has completed the north-westerly course which it follows from the Cache and has turned on the southern and slightly easterly course which it follows from Glascomb Portage to Yale. The Indian bank, which was the east bank at the Cache, is the west bank at Port George. The Nechaco comes from the west and enters the Fraser by a delta. It is not nearly as large as the Fraser, but is navigable for about sixty miles from its mouth, and it is said that it can be made navigable to Fraser Lake, about one hundred miles west of Port George. The Hudson's Bay Company have about a quarter section of land upon which their post is situated, fronting on the Fraser for about a half mile. Immediately adjoining the Hudson's Bay Company's buildings are the land office and administration buildings of the provincial government. These buildings are on the Hudson's Bay Company's property, but are close to the line of the Indian reserve purchased as a townsite by the Grand Trunk Pacific Railway Company. The house of the Indian settlement extends northward along the bank of the river from the line of the Hudson's Bay property. The railway crosses the Fraser on to the reserve near the northern side of the Fraser river frontage of the property and extends diagonally across it to the bank of the Nechaco, which it reaches at about the northwest corner of the reserve and then follows westerly not far above the river level. The Indian reserve constitutes the Grand Trunk Pacific townsite. The area is a little over 1,300 acres, or more than two square miles. It is roughly square, about a mile and a half on each of its sides, bounded by the Fraser on the east, the Nechaco on the north, the river level on the south, and the Hudson's Bay Company's property on the west. The townsite of Port George on the west, and the Hudson's Bay Company's property and some subdivided areas on the south. Immediately adjoining the Hudson's Bay Company's property, and occupying a triangular area of about a quarter section, having its largest front on the Fraser, is the townsite of South Port George.

The Town as It Is.
At present the visible and active town which the outsider knows as Port George consists of South Port George and Port George, connected by a trail about three miles long across the Grand Trunk Pacific townsite, which at the moment shows no evidence of city life, as the lots have not yet been put on the market and no buildings have been erected, except those of the Indians, which are being abandoned and will be pulled down, and the headquarters offices and warehouses of the contractors, Foley, Welch and Stewart. The woods have been cleared away, and judging by plans that have been issued every advantage has been taken of the physical features to make an attractive and conveniently planned city. But to date that is all there is, and all there can be until the railway company decides to sell. For the present Port George and South Port George have the population about 1,500 equally divided between the two towns. South Port George has the B. C. Express Co.'s office and steamboat landing, a saw mill, two hotels, five general stores, a newspaper, two restaurants and a bank house, and all the lesser commercial enterprises that make up a town. Although the B. C. stores and provincial government offices are not on the South Port George townsite they are so close to it that they constitute an identical business interest. Two steamers, the Clifton and the Queenie, run in connection with the lumber industry. South Port George is the landing place for the saws coming down the Fraser from the Cache.

Port George has the advantage of the close proximity of the headquarters offices, residences, warehouses and pay department of Foley, Welch & Stewart, which directs and controls the railway construction both east and west. There is a saw mill, and the steamer H. C. Hammond plying on the Nechaco, a good hotel, several general stores, a weekly newspaper, the Tribune, and the usual proportion of enterprises of all kinds, which makes up a town. The B. C. Express Co.'s steamer land freight and passengers

FAIR PRODUCE, PORT GEORGE.

at Port George as well as at South Port George. The town is situated on a bench somewhat higher than the U. T. P. townsite and overlooking the Nechaco and its valley at a height of about 100 feet.
At the case stands at present each town has a substantial reason for its existence, but the great problem is as to what will happen when the U. T. P. put their property on the market. That it is centrally situated and that it must have a serious advantage when the railway is opened, both the existing towns admit. When the U. T. P. filed the plan of their townsite and station, Port George protested and demanded that the station be placed 2,000 feet or over half a mile further west. The railway commission de-

posed to call their town Prince George. In the turmoil regarding town lots and city names the Hudson's Bay company, which established the place and gave the name, is the only interest uninvolved. Their land is not subdivided or for sale and the name of their post is "Port George."

Major Winifred Newbery, M.P.

Vancouver, Aug. 11.—Major Winifred Newbery, general agent for the Northern Pacific railway, lies seriously ill at the general hospital. He was taken ill last week and on Friday was operated upon for appendicitis. Reports from the hospital this morning said that although he was progressing well his condition was regarded as serious.

Sell Treasury Notes.
Vancouver, Aug. 11.—Barnaby municipality, which adjoins Vancouver, has adopted a new means of getting over the financial stringency by affecting the sale in London of a million and a half dollars worth of six per cent treasury notes at six per cent, repayable in ten years.

C.P.R. Official Resigns.

Montreal, Aug. 11.—Although official confirmation is unavailable, it is understood in railway circles today that T. R. Robson, general advertising agent of the C.P.R., has tendered his resignation to the president and will accept a position with the Sun Life Assurance Company.

THE VIEW OF THE LAND NEAR PORT GEORGE.

Water Supply

It has been definitely settled that the Rock Lake Water and Power Co., Ltd. takes over from the town the temporary water system supplied from the Nechaco River which will be used until the permanent system is installed next spring.

This system will insure a plentiful supply of pure water for the coming city.

For further information regarding the town or country apply to the Secretary.

SAFETY AND PROFIT GO HAND IN HAND

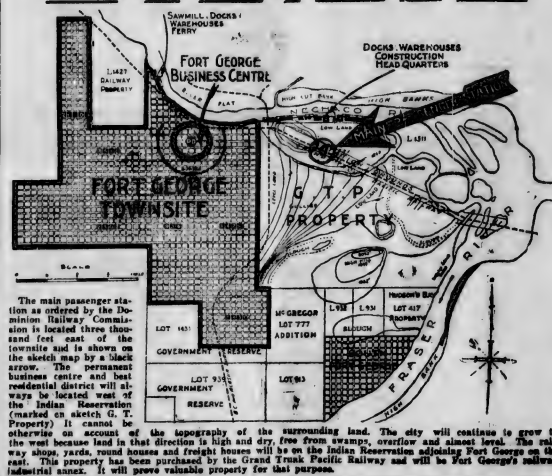

Has a Company a Moral Right to ask a Purchaser to Surrender Their Money on Their Own Representation?

We think this question propounds its own answer—and that a company capitalized at \$300,000 incorporated under the laws of Alberta and British Columbia; its financial responsibilities is such that would not necessarily require further investigation. Fort George is an investment of proven worth, based upon the confidence of great numbers of people from this and other countries. The future of Fort George is not based upon Faith, Hope and Charity, but upon the money back of thousands of investors.

INVESTMENTS

We are specializing in ALL of Fort George and at the present time have some wonderful bargains that have been reported on by members of our firm who have just returned to this city. If you are looking for Acreage, Farm Lands, Orchard locations, General Building Lets or Close In Business Property we can supply your needs. In dealing through us you have the assurance of a corporation of over a quarter of a million dollars that what ever we sell is exactly as represented, surely this is worthy of your favorable consideration.

Study the Map—It Tells the Story

OPPORTUNITIES

Two of our representatives, Mr. Malstead and Mr. Solberg have just returned from Fort George and will be very pleased to give any information pertaining to the country in general you may wish—Some wonderful new photographs will be on exhibition and if you are interested let us prove to you what our statements mean. This advertisement is intended to present a few facts to those who are willing to devote a few years to economy and enterprise, in order that they may enjoy many years of ease and prosperity.

If the investor wishes to share in the larger profits that these undeveloped regions have to offer he must necessarily go where these opportunities exist and invest in other than his own home town. Who ever circumscribes his investments by the boundary lines of his own community would certainly be placing a narrow limit upon the sources of his income. For these reasons we invite you to invest through us in Fort George—NOW. We feel confident that it is a simple matter of how much you are willing to let go now in order to have a larger amount later.

Situation in Mexico Resembles Outlook Which Preceded The War of Spain And America

British Newspaper Thinks President Wilson by Following Pacific Methods Is Likely to Reach Difficultly He Wishes to Avoid—Advises Promptitude and Force

London, Aug. 12.—The Morning Post finds a parallel between the situation which preceded the Spanish American war and the present situation. It says that if President Wilson lingers with pacificists that good words and patience will solve the problem he will drift into the storm he wishes to avoid, but that if he sees that nothing short of a strong government in Mexico will make the maintenance of peace possible, he will decide either to be the friendly party in Mexico or that he be ready to intervene with such promptitude and such force as may insure the result at which he aims. The Post adds that it is to be hoped Mr. Wilson is not an adherent of the doctrine of pacification.

A Cautious Experiment.
London, Aug. 12.—The Daily Chronicle in an editorial today says it considers that President Wilson's demand that President Huerta renounce the presidency of Mexico a curious experiment in foreign diplomacy and one scarcely likely to be carried through easily.

A peculiar race like the Mexicans and the president with a fairly strong backing, the editorial says, "are very unlikely to surrender, and we doubt if the U. S. can really care to face the stupendous task of reducing Mexico by force of arms. Mr. Wilson's demand for a general election almost borders on the ludicrous because there is no such thing in Mexico as an election by ballot as the ballot is understood in great democratic countries."

Mexico Must Have Money.
Arguing that it is impossible for Mexico to obtain money until the United States recognizes Huerta and that without money the country is bound to drift into anarchy, the Chronicle considers that the best and safest course would be to recognize Huerta and give his government an opportunity to reform its budget of progress. If he failed, then it adds, the time will have to come for stronger action.

The Daily Mail considers that with the awful welter of war and barbarism just pitched up at Bucharest the American statesman has every reason to cling to diplomacy as long as possible before resorting to force and that if President Huerta is wise he will treat John Lind courteously because the attitude of Washington will be largely determined by Mr. Lind's report. The United States cannot look on unmoved, for an indefinite period continues the Daily Mail, while a dictator is disarming or destroying his

though there were a few clouds visible last night the local weather forecast said the prospect for rain or relief from the heat with 24 hours was very slight.

Heat Brings Relief.
St. Louis, Aug. 12.—A long continued period of drought and intense heat varying from two to eight weeks in various sections of Missouri was broken by rain accompanied by a drop in temperature yesterday. At Mason there was a steady downpour from five o'clock in the morning until almost noon. Heavy precipitation was also reported at Piedmont, Marshall and Linn.

DEATH OF JUDGE FORBES.
Formerly Member of Nova Scotia Legislature.

Prince Albert, Sask., Aug. 12.—Judge Forbes, whose death is reported from Bluff, Alta., was formerly a resident of Liverpool, N. S., and his father, Sir Forbes, at one time was member of parliament there. He came west in the early eighties and spent some time in Winnipeg.

Besides the widow, two sons survive Gordon Forbes and Fraser Forbes. The judge had been in poor health for some months and recently went to the mountains for a trip. Gordon Forbes left Prince Albert yesterday for Lagan to bring the body here.

SITUATION IN CHINA IS GROWING SERIOUS

Army of 50,000 Rebels on the Road to Peking—Combined Attack on Wu Sung Forts Is Hourly Expected

Hankow, China, Aug. 12.—An army of 25,000 rebels, from the province of Ho Nan, marched yesterday from Tso Chow with the professed intention of capturing Hankow and proceeding thence to Peking. A further approach of northern troops, compelling a force consisting of probably six thousand men, was sent from Hankow on the way to Suai, in the province of Chi Pei, where the Hunan rebels are preparing to make a stand. It is believed here that the northern army will be successful, owing to the fact that the Hunanese are largely untrained recruits.

Shanghai, Aug. 12.—The government warships are moving down the river and a combined attack by the army and navy on the Wu Sung forts is hourly expected. The rebels yesterday attacked the Lunan province the Kiung Nan station, but were defeated with heavy losses.

At Shanghai on Tuesday, six hundred southerners surprised the advancing northern six miles from Wu Sung forts. Three hours of fierce fighting followed. The casualties suffered by the southern forces were forced to retire.

RESERVE THE RIGHT TO REVISE PEACE TREATY

Austria and Russia Anxious That Bulgaria Shall Not Be Severely Weakened

GERMANY AND FRANCE OPPOSED TO REVISION

Disasters Among Great Powers Are Advantage of Turkey, Who Declines to Evacuate

London, Aug. 12.—Both Austria and Russia are anxious that Bulgaria shall not be unduly weakened by her victorious enemies and it is announced that they have reserved the right to revise the peace treaty. Germany and France are opposed to any revision and want the peace now concluded to be made final. Germany's attitude is plainly indicated by King Charles's telegram to the Kaiser: "Thanks to you, it remains a definite peace."

The Kaiser's press denounce both the Vienna press and the French press for taking her stand with Germany against Russia. The Neues Vremya says: France, in pursuit of Chimera, is sacrificing her alliance with Russia.

Revised Peace Assesses Amounts to \$252,610 With School District Assessments of \$14,710—Total Tax Rate 31 Mills on the Dollar.

Coronation, Aug. 12.—The assessor reports that the total revised town assessment amounts to \$252,610, and the Coronation R. D. No. 2346, \$161,710. The tax rate is fixed as follows: Municipal, 29 mills; local improvements, \$22,922 in life insurance. A total of 31 mills on the dollar.

The members and friends of the local Roman Catholic Church last week completed their canvass for the raising of money to purchase an automobile for the Rev. Father Leconte, with the result that a few days ago an automobile was placed with May de Soucy for a Ford car which is expected to arrive in a few days. With the exception of Father Leconte, Father Leconte is the only Catholic priest in this province to be thus honored.

By photography with a vibrating lens an English scientist has timed a swimming fish at one-thirtieth of a second.

to the German army were visible expressions of the new direction in which the German policy is going in Balkan questions.

"All this is causing great uneasiness in Vienna. Count Berchtold's policy finds little appreciation in Berlin, and his position has become precarious."

Must Comply With Treaty.
London, Aug. 12.—Mr. Edward Grey makes an important statement regarding the Balkans today to the effect that the understanding of the London peace treaty violated by Turkey must be complied with.

Bucharest, Aug. 12.—In a telegram congratulating King Charles on the conclusion of peace, Emperor Nicholas of Russia says: "This beneficent result is an inalienable success for Roumania."

Best Till Better Days.
Sofia, Aug. 12.—King Ferdinand yesterday issued a pathetic address to his army. In it he thanked his soldiers for the bravery and devotion they displayed in the war against the "treacherous allies" and declared that their efforts would have been crowned with success "had not a series of unforeseen political circumstances paralyzed our strength."

"Freeed on all sides," the address continued, we were obliged to sign the treaty of Bucharest. Our country lies in no condition to continue the five neighbors. Exhausted and tired, but not defeated, we had to for our glorious standards until better days. Tell your children and your grandchildren about the gallantry of the Bulgarian soldiers, and prepare them to complete one day the glorious work you began."

CORONATION ASSESSOR REPORTS HALF-MILLION

Revised Town Assessment Amounts to \$252,610 With School District Assessments of \$14,710—Total Tax Rate 31 Mills on the Dollar.

Coronation, Aug. 12.—The assessor reports that the total revised town assessment amounts to \$252,610, and the Coronation R. D. No. 2346, \$161,710. The tax rate is fixed as follows: Municipal, 29 mills; local improvements, \$22,922 in life insurance. A total of 31 mills on the dollar.

The members and friends of the local Roman Catholic Church last week completed their canvass for the raising of money to purchase an automobile for the Rev. Father Leconte, with the result that a few days ago an automobile was placed with May de Soucy for a Ford car which is expected to arrive in a few days. With the exception of Father Leconte, Father Leconte is the only Catholic priest in this province to be thus honored.

One Hundred I.W.W.'s are in Jail At Minot, N.D. Rioting Continues

Howling Mob Surrounds Police Station—Former Mayor of City and Newspaper Owner, Both Socialists, Are Cooling Heels Behind Bars

Minot, N. D., Aug. 12.—About a hundred Industrial Workers of the World are in jail today. Rioting continued last night to a late hour, every man expressing encouragement for their jailed. Bloodshed threatened for a time, and the howling mob gathered in the alley and this morning the station was a wild scene.

Devey Dorman, Socialist member of the city commission and Arthur Leconte, owner of the socialist paper, and formerly mayor of the city, are in jail, being refused bail.

The hearing of the 28 Industrial Workers arrested Sunday was held this morning. All refused to plead and asked for a continuance of the case until Monday in order to have time to employ counsel from Chicago. They asked a separate jury trial which probably will not be granted. None of the charges are only of vagrancy. Others, including Dorman and Leconte, came up for hearing before the police magistrate this afternoon. They asked for a separate jury trial for each man, which the judge refused. The trial is set for tomorrow morning, when they will all be tried in a bunch.

Minot, N. D., Aug. 12.—Further trouble in connection with the request of the J. W. W. permission to hold meetings and organize a union among the hands is anticipated by authorities today with the arrival here of a band of Industrial Workers from other places. Although the streets were crowded most of the night the police and deputies had the situation well in hand and there was no serious rioting, nor were there any attempts by the J. W. W. to hold meetings. The prisoners in the city and county jail numbering more than one hundred.

DISCUSS THE ECONOMIES AND FINANCE OF FARM

Opinion Almost Unanimous Among Royal Commission in Session That Co-operation to Secure Credit Was Needed Among Farmers and not by Government.

Swift Current, Sask., Aug. 12.—The session of the royal commission on agricultural credit and grain markets held in the council chambers here today was one of the most successful of the kind ever held in this section of the country. The chief topic for argument was the question of equity and finance of the farm. The new settlers were given a chance to express their opinion as well as those who had years of experience in this line.

The question of realizing the methods of financing the farmers was taken up and discussed, and it was the opinion of nearly every one that what was needed was co-operation in the matter of securing credit not by the government but among the farmers themselves. The farmers as well as of the real estate firms, banks, etc., in this city and the surrounding country were well represented.

Comprises \$22,605 in Real Estate in Winnipeg, \$2,185 Mortgage Investments, \$22,922 in Life Insurance and the Balance in Stocks.

Toronto, Aug. 12.—The will of the late Harvey Dwight, president of the Great Northwestern Telegraph Company, has been filed in the probate court for probate. The estate is valued at \$97,546. It is comprised of \$22,605 in real estate all in the city of Toronto, \$2,185 secured by mortgages, \$22,922 in life insurance, and the balance in stocks.

By the terms of a will made February 13, 1912, to Mrs. D. H. Rose, daughter in Winnipeg, is bequeathed \$10,225. To the widow, Margaret Dwight, 107 St. George street, Winnipeg, is bequeathed the residue, with the exception of \$2,000 insurance.

EXHIBITORS

McLAUGHLIN CARRIAGE CO., LTD. McLAUGHLIN-BUICK MOTOR CARS

We wish to draw your attention to the exhibit of the McLAUGHLIN CARRIAGE CO., LTD., OF OSHAWA, which is to be found at the EAST END OF THE MACHINERY HALL.

We have made this exhibit as complete as possible in every detail as showing the way in which McLAUGHLIN cars are built. Three new models of pleasure cars and a delivery truck display the latest improvements in the service of automobile manufacturing will be on view at our booth, in charge of an expert who will be able and willing to answer all questions.

Visitors to the Fair, who have to face problems of transportation in their businesses, will find an easy solution of their difficulties by an inspection of the McLaughlin delivery trucks shown at our exhibit. These trucks have a capacity of from 1,500 to 2,000 pounds, and are an example of quick and economic delivery. They sell at \$1,650 complete, F.O.B. Edmonton. For the further convenience of visitors we will have our demonstrating car on the grounds, and anyone wishing to have demonstrated to them the "reason why" of the McLaughlin will gladly be shown.

We want you, too, while down town, to visit our show rooms and service station. The show rooms are very comfortable—make them your headquarters—meet your friends there.

Again we say—a cordial invitation is extended to visit us at our booth on the Fair Grounds or at our show rooms.

One-Eighth of Western Crop Will Be Harvested This Week

Forecasted That Total Crop of Western Canada Will Run 22 Bushels to the Acre and Buck 300,000,000 Bushels—German Settlers in the Prairie West

CHICAGO, Aug. 12.—A heavy influx of American citizens of German extraction into the Canadian West is reported by W. J. White, a correspondent of American immigration agencies, who returned recently from a trip through the Canadian and American West. This feature of the immigration movement from the other side of the line is welcomed by the immigration departments, although no less than one million people of German and other types.

Another feature of the United States contribution to Canada's greater population this year is the movement towards Canada is not confined largely to the Middle and Western States as in the past.

Will be 100,000. Many of the German arrivals come from Southern Pennsylvania and many from Missouri. Last year's arrivals in Canada from the United States totaled 117,000. This high figure was not reached this year, but the total will be away above the one hundred thousand mark.

Mr. White, on his return trip, drove in a motor car for eighteen hundred miles through the grain fields of the West and he is very optimistic in regard to the prospects for a bumper crop. He says that the crop as he saw it is safely harvested, he would not be surprised to see a yield of 22 bushels per acre for the three prairie provinces, which would mean a total of 200,000,000 bushels of wheat and 100,000,000 of corn.

The first crop is good throughout the West. In some districts oats are short but they will give a good average yield. Weather conditions have been such that grain put in on the stubble without plowing will give a good yield. Mr. White thinks that with good weather conditions, one eighth of Western wheat crop should be in stock by the end of this week, and that by the end of the month it will be out by the end of the month.

Taken, Aug. 12.—Prospects for a bountiful harvest of the wheat crop in the West are bright. The wheat and barley are generally better than last year, and the corn and soybean will secure a hearty portion

of the crop. The grain this year is a magnificent sample—the finest in the history of the Prairies. (Osweston, Alta., Aug. 12.—South of a colony with rich soil and a variety of one of the best crops it has ever raised. Harvesting will be completed the latter part of the week, while a great deal of the wheat is also ready to harvest. The grain is full and plump. A great portion of the wheat is now out of the mill and is being shipped.

Whitewater, Sask., Aug. 12.—W. J. Chamberlain, living a mile west of this town, began cutting wheat yesterday. Should weather conditions remain favorable, harvesting will be general in this district in ten days. The growth throughout the season has been very rapid and with no damage from any cause the crop in this locality will surpass all previous records, and could not possibly be much better.

HUG BUSH

Mrs. Overden, of Montreal, Recently Killed in Week.

Montreal, Aug. 12.—Mrs. Overden, wife of H. H. Overden, secretary of the Canadian Commercial committee of Montreal, was recently killed near Kingston, Quebec, this afternoon, when the big locomotive in which she was riding, turned over on its side. Mrs. Overden was accompanied by her husband, Mr. H. H. Overden, a wealthy paper manufacturer, of Chicago, Mrs. Martin and their son, who was driving the car. Mrs. Overden's head struck a heavy beam of the locomotive, and while the other occupants of the car were badly shaken up they escaped serious injuries.

Lured by Bull.

Naples, Mo., Aug. 12.—Albert Overden, an Englishman, 31 years old and employed by a local farmer, living some ten miles north of Naples, was lured to his death by a bull about noon on Sunday evening. He was a hardworking man and had no relatives in the country. He had been in Canada five years.

THE BATTLESHIP NEW ZEALAND, which with her crew from the sister British cruiser, spent a festive week as the guest of the citizens of Vancouver and Victoria, British Columbia.

CASTRO'S BEING TALKED OUT FAILURE

Washington, D. C., Aug. 12.—The uprising led by Cipriano Castro in Venezuela is officially reported by American Consul Votter at Caracas, as a failure. His confidence among the officers, who headed the revolution in the eastern part of the country, have been shaken.

JAPAN WILL NOT RECOGNIZE FELIX DIAZ AS ENVOY

Diaz Will Be Received Only as Private Person—Widepread Comment in America

Tokyo, Aug. 12.—The Japanese government intimated today to the Mexican government that it would not receive Felix Diaz as a special envoy to Japan to represent the interests of Mexico for Japanese participation in the Mexican revolution. It declared that it would receive General Diaz only as a private individual.

The Diaz party arrived at Vancouver last night, where they planned to call on Wednesday. Japan's intimation to Mexico that it would receive General Diaz only as a private individual and not as a special envoy, attracted widespread comment in official quarters. Coming at a time when negotiations are proceeding between Japan and the United States on the California land question, a discussion of Japan toward Mexico was generally construed as showing a desire on the part of Japan to avoid anything open to the construction of being unfriendly to the United States. It was recalled that when some difficulties were recently given to the arrival of the new Japanese minister at Mexico City, prompt disclaimer was made by Japanese authorities that any political intimation attached to the event or that the new minister had made any use of the identity of relations between Japan and Mexico. The present movement is thought to be a move to keep Japan out of the dispute from any apparent participation in pending political or diplomatic relations existing in Mexico.

German Lad Confesses to Callous Shooting of Two of His Companions For Money

Jury Inquiring into Death of Karl Gneiting at Peers Returns Verdict of Willful Murder Against Otto Rudolf on His Own Confession—Also Tried to Kill Fritz Maurer.

"I needed money. I knew that Maurer had money. Karl was in my mind to get Maurer. Therefore I shot him first." Afterwards I tried to shoot Fritz Maurer, but he did not succeed. This did the German lad, O. to Rudolf, only seventeen years of age, when the witness stated, the coroner's inquest on the body of Karl Gneiting, callously confesses the part he had taken in the shooting of Maurer and Karl Gneiting. Rudolf, who is now twenty miles from Peers, on the C.P.R. west of Edmonton on the 28th of July.

It will be remembered that following the return of Fritz Maurer to his home, near Shiny Bank, in the Peers district, with a bullet wound in the neck and jaw, which he stated had been inflicted by Otto Rudolf, the N.W. Mounted Police captured Rudolf in this city after a short chase, and he was held on a charge of wounding Maurer. Further he imprisoned the Mounted Police reported that an attempt was made by Maurer's wounding, the two had been accompanied by a fourteen-year-old boy, also German, named Karl Gneiting, who had never returned to his home after that day. Rudolf was interrogated in the scene and admitted that he had shot Gneiting dead, but claiming that both the boy and the wounding of Maurer had been accidental.

Considerable difficulty was experienced in locating the body of the dead boy, and it was not until Friday night that the search, which had been carried on by the Mounted Police without intermission and with the assistance of a number of well-known successful hunters, who had been sent for for that purpose, under protest, having been instrumental in finding the spot where the dead boy lay.

Dr. Fortin, who was with him on his way west to Peachesburg, where he was to hold another inquest, was communicated with by the Mounted Police and stopped off at Peers on his return journey to the city and drove to Shiny Bank, where he held an inquest yesterday on the body of Gneiting.

A considerable amount of evidence was heard, which pointed to the fact that the boy was shot in the back, a deliberate murder, and when young Gneiting, who was present in custody was put on the witness stand, he was warned by the coroner that he must answer all questions, but that if he objected, his answers would not be

and while they were together in the market, Rudolf being only some two years from him, they came a close and he was struck in the neck by a bullet. He turned round to Rudolf saying "I'm shot," but the other was running away. As the wounded man made his way through the throng towards home, two more shots came from the market, but he could not hear by whom they were fired. At the time of the murder he had \$250 on him, in a bag, which Rudolf had had an opportunity of seeing.

A settler named Evans deposed to seeing Rudolf later on the same day, and to being told by the youth that the other two, Maurer and Gneiting, were lost in the bush. Rudolf still had the pistol, and witness says it came from him. Rudolf left about five o'clock and started for town. He stopped that night at a stopping place down the line, and while there robbed a fellow boarder of \$40 in cash. The theft was discovered, however, and the money was taken from him.

Willful Murder. After hearing the evidence, the jury, which consisted of J. Fairbairn, J. Walker, T. C. Allard, J. Wolfe, C. Arnold and T. West, brought in the following verdict:

"That Karl Gneiting came to his death about 12:45 p.m. on the 28th day of July, 1913, in the woods south of Peers, in the township 36 range 15, W. of 10th meridian; that his death was caused by a gunshot wound from a gun in the hands of Otto Rudolf, with intent to murder."

STEEL PLANT BURNS

Disasters Fire at Steel Company of Canada's Works.

Hamilton, Aug. 12.—The Steel Company of Canada's plant was visited by a disastrous fire last night, the loss being estimated at \$100,000 to \$200,000. The fire broke out in the western steel mill building, which has been in operation but a few months. About half the building was destroyed.

Lightning is more frequent in Florida and Illinois than in any other state.

LADY FALLS UNDER MOVING TRAIN AT THE C.P.R. DEPOT

Exciting Scene When Miss Lydia Markham Misses Her Footing in Alighting

Slipping at the step of the incoming train from Winnipeg, in her hurry to meet her father, who was waiting for her on the C.P.R. platform, Miss Lydia Markham had a narrow escape from serious injury, shortly before 10 o'clock yesterday morning.

Miss Markham had been waiting for the Winnipeg train, and was returning to her father's home in the city. As the train came, she stepped down from the platform, but her foot slipped and she fell between the train and the platform. She was caught between the train and the platform, and was held there for some time. She was then rescued by a man who was standing nearby. She was taken to the hospital, but she is now recovering from her injuries.

Public Interest Grows.

London, Aug. 12.—Public interest in the international movement of the working, especially in its less technical side, such as the dissemination of scientific, social, and religious subjects, which brought the deleterious in contact with every class of the community and has far also has enhanced the interest that is being evidenced in the proceedings of the congress.

Lightning is more frequent in Florida and Illinois than in any other state.

The Right Place for a Water Pan

in a furnace is just over the feed door, and this is where it is placed in the "Sunshine." It has a lip front and is the right height for easy filling without removal. Its position and capacity of the pan make certain of a healthy humid heat.

Write for the Sunshine booklet, or get our local agent to explain the many advantages of this furnace over any other.

AROUND THE CITY

The regular monthly meeting of the Harmon Society will take place on Monday afternoon, the 19th, in the usual place.

John McNaughton, of Regina, leader in the city visiting the exhibition and his many friends in the city.

The Allen line tonian was reported 19 miles east of Itlele lake in the morning, Montreal Thursday night. Western passengers arrived in Winnipeg on Saturday night, August 14th.

There will be an exhibition of playground ball and one or two other games on the High School grounds on Wednesday afternoon. All boys and girls are invited.

The death occurred Monday afternoon of the three months old child of Mr. Fair, of 589 Rinehart street. The funeral took place yesterday from the family residence to the Edmonton cemetery.

One of a pair of bears, which have been seen frequently late at night in the North End district, entered the hog pen of Mr. Hodder and succeeded in killing six half-pigs before it was driven away. The animal was afterwards killed by Mr. Hugh McDonald, who dispatched it with a rifle ball.

ARRRESTED AT LETHBRIDGE.
A wire from Lethbridge states that M. G. Hare, formerly of the Empire Automobile School in Edmonton, who arrested yesterday on the complaint of D. G. Latta, the charge being obtaining money by false pretences. The animal will be brought back to Edmonton for a preliminary hearing at the city police court.

CHINAMAN IS COMMITTED.
On the charge of assaulting Dan Woods on Jasper avenue, Mah Choo, a Chinaman, who had been arrested by Constable Hargrave, was committed for trial at the close of his preliminary hearing to Inspector Davison at the city police court.

Harry Dandies, charged with larceny, has estate by executor, and was indicted for two years.

Stanley Barrie, charged with larceny, charged with larceny, was remanded for eight days and to tomorrow for preliminary hearing.

METHODIST SUNDAY SCHOOLS.
The secretary of the Methodist Sunday School Union, who is visiting for systematic visitation of the schools of the city, accompanied by Mr. W. H. Smith and Mr. H. Hargrave and the Highlanders orchestra, a party recently arrived from Canada, is here to give a program of music and address to the children of the city.

Arrangements are being made for a visit to another school in the near future. The secretary of the union is Mr. H. Hargrave.

CHIPMAN GETS JOB WITH CITY AT \$3,600 YEAR

Is Engaged by Council at Special Meeting as Consulting Engineer

APPOINTMENT MADE
BY MAJORITY OF ONE

Tax Rate of 16 Mills Is Final—
Council Fixes Rates to Exhi-
bition Grounds

Willie Chipman, the expert who has just reported on the best source of a future water supply for Edmonton, was yesterday engaged by the city council as a consulting engineer. According to the terms fixed by Mr. Chipman, he will act in this advisory capacity to the city for two years, at \$3,600 a year, during which time he will make four visits to the city, amounting on average of thirty days here. His firm also will advise on plans, or other matters submitted to them.

The motion to appoint Mr. Chipman at once, carried by a vote of four to three. Aldermen Tipson, White, Douglas and Calder favored the appointment. Aldermen Driscoll, Ross and May wanted the matter laid over for one week, and Aldermen Lindsay

Smith and Livingston were not at the meeting.

Another important decision reached by the council was the fixing of the tax rate for 1915 at 16 mills on the dollar. The aldermen felt that no further reductions could be made in the estimate, so the rate as originally recommended was adopted. Discount rates were altered somewhat. Taxes paid before November 15 will receive a ten per cent. discount. Those paid before December 15 a five per cent. reduction and those paid before the end of the year, will be received at par.

The mayor raised the question of excessive charges by motor cars carrying passengers to and from the fair grounds. It has been a practice, it was charged, for passengers to be charged excessively, especially if a rainstorm came up. To stop the practice, the council amended the license by-law, fixing the rates to and from the fair grounds by motor at 20 cents per passenger and by horse vehicle at 25 cents.

A recommendation of the public works committee to erect a temporary building at the new stores and work warehouse site, was referred to the city commissioners. The stores and work superintendent and the committee for further investigation of the site.

Alderman Smith is to be away from the city for days, and Aldermen Douglas will take his place on all committees.

Will Go Anyhow.

Vancouver, B. C., Aug. 12.—After reading the dispatch from Tokio (general) Daa said he would go to Japan anyway, regardless of the Japanese government's attitude toward his mission.

ALL IS READY FOR SULZER'S IMPEACHMENT

Seventy-five Votes of the Lower House Will Be Needed to Pass the Resolution

Albany, N. Y., Aug. 12.—The anticipated hour for considering the resolution to impeach Governor Sulzer found his friends and foes in the lower house of the legislature today jockeying for time to recall their numbers and to gather in the two-score or more of absentees from last night's session.

Encounters preliminary to the real fight on the floor of the assembly indicated the inability of the governor's opponents to muster "votes sufficient" to carry through their program of impeachment. Telegram and telephone wires throughout the state were active during the morning with appeals to absent members to hurry to Albany and align themselves on the question. Majority Leader Lacey, facing the possibility of failure to procure the seventy-five votes necessary to impeach today, declared that every absent member be summoned to Albany. Republican Leader Hiram and Assemblyman Schuch, leader of the handful of Progressives who have espoused the governor's cause, worked no less assiduously to swell the numbers of their followers.

The centre program of impeachment today was imperilled by the vote last night when only 45 of the 119 assemblymen cast their votes with Mr. Lacey.

A majority of the elected members is necessary to impeach. Although 75 votes constituted a majority of the house as it now stands, seventy-six votes are needed, inasmuch as the full membership is 156. One member, Alfred J. Kennedy, of New York, has resigned since election.

In the Senate, a corporal's guard of assemblymen sat smoking in their seats when the hour for meeting arrived. Over the Senate side of the Capitol, the members could be counted on the fingers of one hand. Many who stayed to the end of the prolonged session, last night, were still sleeping. Indications were that it would be nearly one o'clock before the Speaker would call the assembly to order. The Senate planned to mark time until after the battle in the lower house.

Governor Sulzer, heavy eyed from his long vigil of last night, sauntered over to the Capitol a full hour before his customary time and sought the seclusion of his private office. The usual morning chat with the news-

paper men was omitted, and the governor's secretary announced that there would be no word from the governor until the assembly had voted on the impeachment resolution.

Sulzer Will Wait
"If the vote is in my favor," said the secretary. "Mr. Sulzer will have nothing to say, but will reserve his answer for the impeachment proceedings before the Senate. Should the resolution be adopted, it is possible the governor will give out a statement setting forth his side of the controversy in his country."

Because of the probable closeness of the vote on the impeachment resolution, and because some Democrats felt that the assembly should not attempt to rush its through, it was possible that the assembly will defer its action for several days, possibly a week.

Two hours after the time set for meeting found the situation practically unchanged, although a throng that swelled the one of last night was standing in patient expectation. Staff of the crowd were women. Speaker Smith glanced over the empty rows of member's seats and ventured the opinion that it would be evening before a vote on the impeachment resolution would be reached.

The gathering in the governor's office was swelled by the arrival of Republican and Progressive members, and a number of Democrats who voted last night against the organization.

Tentative plans of the Democratic leaders were to put through the impeachment resolution late this evening and adjourn for a day or two to prepare articles of impeachment for presentation to the Senate.

FEARS OF INVASION NOT WITHOUT FOUNDATION

Insurance of Hindu Shipping Company Leads Color to Years of Colored Invasion of British Columbia—
Charges Viewed With Suspicion

Ottawa, Aug. 12.—A certain Jew incorporated under the name of the Ship-Sinla Co., is taken at lending some color to the reports from British Columbia of fears of a Hindu invasion, says the Evening Citizen. The company is authorized to charter ship and enter into a general shipping business. It has been incorporated by a Vancouver law firm.

At the present time this class of British subjects, who are evidently regarded on the coast as most undesirable, are kept out by the provision that they must come in by a direct line from their native country. There being no line of steamships the influx is limited. It is their intention to establish a co-operative line of steamships and chartering vessels, which, being directly operated, would evade the existing limitations of the law.

ELEVATORS AT MONTREAL ARE ALREADY FULL

Elevators Being Used for Storage Purposes Instead of Transfer Only

CAPACITY SHOULD BE
INCREASED AT ONCE

Million Bushel Capacity Is Needed to Handle Shipment of Western Grain

Montreal, Aug. 12.—With 70 per cent. more grain shipped out of Montreal than at the same period last season and with unprecedented facilities for shipping grain from this port in the way of outgoing steamers capacity, the elevators in Montreal are being used not as transfer elevators, but as storage elevators, a use to which they were not intended to be put, and the overflow grain through Montreal stands practically blocked at the present moment. Such is the summary of the grain blockade made by James Carruthers & Co., Mr. Carruthers states that there is and has been for some time an amount of oats in storage in Montreal harbor approximating between 1,000,000 and 2,000,000. The total grain in storage approximates 400,000 bushels. This elevator capacity is somewhat under 500,000, but owing to the fact that mixing is not allowed, many of the line, while not filled to capacity, are full and the elevators stand blockaded at a little over four-fifths their total capacity. Another possible solution at the present situation is given in improved handling facilities at the head of the lakes and at Winnipeg, which have caused the pressure in these places, only to have it centered at Montreal.

"Montreal's elevator capacity is just half what it should be," said Mr. Carruthers yesterday. "The Grand Trunk are adding capacity for between 200,000 and 300,000 bushels, but this may not be available until the spring and even then will not be enough. There should be room for 1,000,000 bushels here, in order to insure handling of all the grain the West send by way of Montreal. An unusually large percentage is coming this way this year, and with the increased handling capacities of the lake routes, shipping via Montreal will continue larger each year. Steps cannot too soon provide for this increased amount."

Visitors to the Fair!

When at the Fair and the round of sport and pleasure gets tiring, **RING PHONE 4104** and get down to business for a while. One lot purchased in Edmonton in the right location will, in a short time, advance more than all your expenses at the Fair.
